People across the country are asking the same question: “What can I do to change what’s happening in the world?”

Our 75 years on Capitol Hill have shown that your voice can make an important impact on federal policy. In-person meetings with your members of Congress are the [most effective way](#) to influence policy decisions.

### **Change in Washington starts with you.**

Please join FCNL for an advocacy workshop:

- Influence your members of Congress and their staff through face-to-face conversations at their local offices
- Drive the media coverage you want to see
- Build a strategic team in your community that lobbies as part of a powerful national advocacy network
- Join our 2019 Advocacy Team campaign to stop endless wars by urging Congress to reassert its constitutional authority. We are supporting legislation to repeal the AUMF and encourage public debate on all issues of war and peace.
